

# Clark County Medical Society Alliance

## Message from the Presidents

We are honored and excited to begin our Presidency for the Clark County Medical Society Alliance. The Alliance is spouses of physicians building a healthy Southern Nevada. Our purpose is to uphold and assist in the programs for the county, state and national medical societies and alliances as well as to promote health education, encourage volunteerism and support health related charitable endeavors.

We accomplish our purpose throughout the year with our Holiday Scholarship Project supporting scholarships for nursing and medical students in need, our Annual Fashion Shows benefitting a health related charity of choice and our many community outreach related events.

The Alliance is poised and ready to strengthen our role in Southern Nevada to help those in need to access quality healthcare. And that can only be made possible by organizing a strong leadership to dedicate themselves to the mission of the whole. Therefore, we are privileged to work with the 2015-2016 CCMSA Board and the amazing, accomplished members of the Alliance.

<b>2015 - 2016 CCMSA Board</b>
