

Clark County Medical Society Alliance

✈ Message from the Presidents ✈

This is our final presidents report for 2018-2019. At our Installation Hat Luncheon at the Smith's Center that took place on May 7th, we were able to thank our wonderful Board of Directors of 2018-2019 for their relentless efforts to make our year so very successful. We are indebted to them for the hard work and diligence they have shown throughout the year and wish them all the success in the coming year. In the presence of our over 100 guests, we also installed our new board of 2019-2020 under the leadership of Co-Presidents, Michele Volker and Ginger Allen. We have complete confidence in their abilities and drive to continue to make CCMSA a leader in creating a healthier Southern Nevada.

This past year we have raised a total of over **\$125,000!!** Thanks to our extremely generous donors, sponsors and supporters in Southern Nevada. Through our Holiday Scholarship Project, they have enabled us to award **14** Nursing School Student Scholarships in the Las Vegas Valley, as well as Scholarships to Medical Students in TOURO University and UNLV School of Medicine. Proceeds from our sold-out 18th Annual Fashion Show, presented by VASARI, went to three non-profit Charities: Sunshine Nevada, Project FOCUS & New Vista. Each of these charities was presented a check for **\$34,000** to benefit individuals affected by the Autism Spectrum Disorder (ASD), ranging from diagnosis to end of life!

We are very pleased to see our vision come to fruition with the bridge that CCMSA has created to connect the community at large with the community affected by ASD. The awareness towards ASD that we have created will be monumental in bringing the community together in understanding and medically benefiting individuals with ASD.

We wish to thank our Board and our supportive community for a fantastic year with many lessons learned and many friends made.
